## WEEKLY RESULTS

Individual sample results below 250 E.coli (EC)/100ml and 100 Intestinal Enterococci (IE)/100ml are typical of an **Excellent** classification. Results above these values, and up to 500 EC/100ml and 200IE/100ml, are typical of a **Good** or Sufficient classification. When E.coli levels exceed 1250/100ml temporary advice against bathing will be issued.
