CLAIMING FOR VEHICLE DAMAGE AGAINST THE DEPARTMENT FOR INFRASTRUCTURE

FURTHER INFORMATION

(Please read, detach and retain for future reference)

[A] What documentation should I provide to support my claim?

It is important that you answer all the questions on this form in full, otherwise we will not be able to begin our investigation into your claim and this claim form may be returned to you to complete. You must also provide the following supporting evidence:

- photographs (see questions 12 & 14)
- sketch/map (see question 13)
- receipts/estimates (see question 15)
- rental agreement if appropriate (see question 18)

[B] How long will it take to process my claim?

The average timescale for a decision to be taken on vehicle damage claims is four months.

To investigate your claim thoroughly, the Department's Roads Claims Unit (Claims Unit) may have to check the following:

- Highway inspection and repair records
- Other records held by DfI Roads (e.g. public complaints)
- Whether or not a contractor or other organisation is involved.

[C] Will I have to attend a meeting at the incident site?

Provision of clear, dated photographs with your claim form showing the surrounding area may enable us to identify the exact location and, therefore, a meeting on site may not be necessary. If we cannot identify the exact location from the photographs, a meeting will be arranged with a member of DfI Roads staff so that you can show us the exact location.

[D] Inspection of damaged vehicle

In the course of our investigation, Claims Unit may employ the services of a loss adjuster to inspect the damage to your vehicle and to advise on the financial aspects of your claim. Such visits form part of our investigations and do not mean that DfI Roads is accepting liability.

In the event that you have already carried out the repairs, please retain the damaged parts and/or provide photographs of them.

[E] Referral of your claim to another party

From investigations, it may be established that a contractor or another person or organisation caused the alleged defect in question. In those circumstances details will be passed to that person or organisation to further investigate your claim.

[F] What happens next?

DfI Roads must thoroughly investigate every claim to establish whether or not it has a defence to the allegations made. When our investigations are complete we will notify you of our decision in writing. If the decision is taken to settle your claim, please note that the amount of compensation offered will be the amount estimated to return your property to the condition it was in immediately prior to the damage. There is no legal entitlement to provide “new for old”, therefore the amount of compensation paid may be less than the amount claimed.

[G] Can I request a review of the Department’s decision on my claim?

Claims Unit will review a decision to turn down a claim. However, new evidence should be provided to justify the review. If you are still unhappy after the review and wish to challenge our decision, your right of recourse is through legal proceedings in court, within appropriate time limits.

[H] Fraudulent claims

The Department will refer all suspected fraudulent claims to the PSNI for further investigation and, if appropriate, prosecution.

[I] Complaints procedure

Please note that this complaints procedure does not deal with complaints about a decision in a compensation claim, as decisions can be challenged through the legal process. Additionally, most problems about your claim can be sorted out by speaking to the claims manager of the DfI Roads Claims Investigation Team that has been dealing with your claim. However, if, during or after the processing of a claim against the DfI you wish to complain about any aspect of how it was handled you can do so. Details of how to do this are contained in its customer charter, available at <https://www.infrastructure-ni.gov.uk/publications/dfi-customer-charter>.

Claims Unit aims to issue substantive replies to 95 per cent of written complaints, including emails, within 15 working days. If a full investigation is going to take longer, Claims Unit will let you know the reason and when you can expect a response. Complaints are dealt with by the Deputy Head of Claims Unit or the Head of Claims Unit:

Address: **Roads Claims Unit
Department for Infrastructure
Clarence Court
10-18 Adelaide Street
Belfast, BT2 8GB**

Tel: **028 9054 1409**

Email: **ClaimsUnit@infrastructure-ni.gov.uk**

If you are not happy with the response at that level, you may complain in writing to a Senior Civil Servant in the Department for Infrastructure within six months of the date of the response letter. The contact details for the appropriate Senior Civil Servant will be provided by the Deputy Head of Claims Unit or the Head of Claims Unit when they respond to your complaint. You must do this within 6 months of the initial response letter or the matter will be considered closed.

Next steps

If you have received a reply from the Senior Civil Servant and are still dissatisfied, you can refer your complaint to the Northern Ireland Ombudsman. The Ombudsman will expect you to have used the procedure outlined above before referring a complaint. You must refer your complaint to the Ombudsman within 6 months of having exhausted the Department’s internal complaints system. You can contact the Ombudsman for advice by phoning (0800) 343424 free of charge, or by visiting the Northern Ireland Ombudsman’s website - <http://www.nipso.org.uk>
