## Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information (FOI) Act (2000) balanced against the need to protect personal information. The FOI Act created a new access to information regime and all records were reviewed in accordance with the Act and the Data Protection legislation.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available ("the 30 Year Rule"). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years ("the 20 Year Rule"). This is underpinned by the FOI Act and the amendments made to it by the Protection of Freedoms Act 2012.

"The 20 Year Rule" is being phased in over 10 years, with two years' worth of records being reviewed and released each year. This year, the records of Northern Ireland (NI) Departments with a terminal date of 2004 and 2005 are being brought forward for release during December 2025.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act and the Data Protection legislation.

### **Records Released**

There are **1160** files being deemed as suitable for release as "fully open". A further **284** files are open but subject to blanking out and/or partial closure of some content. **39** files remain closed in full.

Some of the significant issues covered by the 2004 and 2005 release include:

- Programme for Government (PfG), New Targeting Social Need (TSN), Promoting Social Inclusion (PSI), Government Administration (e.g. Ministerial Briefings, Executive Committee Meetings), Suspension of Devolved Government, Review of Belfast Agreement
- North/South and East/West Cooperation: British Irish Parliamentary Body, North South Ministerial Council and Implementation Bodies, Northern Ireland Affairs Committee
- Europe: Strategy and Policy, International Fund for Ireland, State Aids, European Monetary Union
- NICS: Departmental Board and Senior Management Meetings, Review of Public Administration, Equal Opportunities
- Civil Contingencies and Emergency Planning
- Emergency Services and Social Welfare: Health Issues, Human Organs Inquiry, waiting lists, Child Support Agency, Anti-Social Behaviour Order ASBO
- Education: Further and Higher Education, Integrated Education, Special Education, Teachers Industrial Action
- Economy & Society: Regional Economic Policy, Economic Research (Industry), Migrants
- Energy and Utilities: Power supply, renewables, reducing costs, Rathlin Island Electricity Project, Water Service Reform
- Transport and Infrastructure: Harbours and Ports, Derry to Dublin Air Service, Railways Review Group, Belfast Metropolitan Area Plan, Road Safety
- Regeneration and Development: Laganside Corporation, Development of the North West, Rural Development
- Tourism: Giant's Causeway, Ballycastle - Campbeltown Ferry
- Agriculture and Environment: Animal Health (TB, Brucellosis, Foot and Mouth Disease 20 day standstill, swine fever), Genetic Modification, Climate Change Impacts, Countryside Management Scheme
- Language, Culture and Identity: Language Rights, Charter on Regional or Minority Languages, Flags and Emblems
- Legacy Issues: Victims, Sectarian Violence, Community Relations, Loyalist Outreach

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure was the application of section 40 – the *personal information* exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach Data Protection legislation.

The catalogue of files for 2004 and 2005 will be publicly available online on the PRONI website [www.nidirect.gov.uk/proni](http://www.nidirect.gov.uk/proni) from Tuesday 30 December and the files will also be available to view at PRONI from Tuesday 30 December.
